DISTRICT IS AGAIN SHORT

IN BUYING CERTIFICATES

Dallas, Ter., July 31.—The Dallas
federal reserve district fell \$2,000,000
short of its quota of subscriptions to
the issue of treasury certificates cloeing yesterday, it was announced today
by Nathan Adams, director of sales
The quota was \$12,000,000. The subscriptions totaled about \$10,000,000.
The extension of universary credits at this season of the year will
mover permit the district to meet the
full quota, said Mr. Adams in urging
the curtailment of credits. He said
less than \$00 banks had subscribed
this time, leaving approximately 1200
which had failed to subscribe.

Plans For Gift Shop Completed; Its Erection To Begin Shortly

THE "sift shop" of the Red Cross daily comes nearer being a reality—the blue print of the proposed plans of the circular building is now in the mands of the headquarters committee, and is elletting enthustasm. The site is a most attractive one, occupying the two triangles in the plans, closest Crosson street. Ground will probably be broken within a few days, and the shop should be ready within a month or so. Assurance is given that Ell Pano will soon have one of the classiest little twa rooms in the entire southwest, the isingth of the building making it peemble to decorate with unusual artists. All other space will be acide for the fund, to help carry on the war.

Judging by the first months confections of the war fund as a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the recent drive in late May, this chapter is to make a recoil of the sources of supply of our first for the provide the quotin of knitted with the provide the quotin of knitted with the late of the recent drive in late
